Bridge your data gaps with curated insights

Gaining insights from healthcare data takes time, technology, and expertise. What if you could jumpstart your analytics with just the right insights for your needs? Leverage data and analytics extracts from Clarify. See referral pathways and patient flows to build your own patient journeys. Explore episodic and procedure details or see a simple score to understand performance. Get accurate pictures of networks and provider relationships—even access market pricing insights.

Clarify's analytics extract building blocks include:

- **Provider Performance** – Score and benchmark providers with quality, efficiency and affordability insights across provider types, including underlying metrics and patient care episode-level detail
- **Network Intelligence**– Explore provider insights at the market, provider group, and physician level, with affiliations and contracting entities information
- **Pricing Intelligence** – Access market rates to develop your market and expansion strategy
- **Clinical Cohorts** – Target high-risk patient populations with demographics, utilization, and clinical insights to customize programs and treatments
- **Utilization and Referral Patterns** – Understand market share and utilization trends and uncover referral insights to track leakage

Proven value for a variety of needs

$14M
in revenue generated for one health system by understanding market and referral patterns to engage physicians
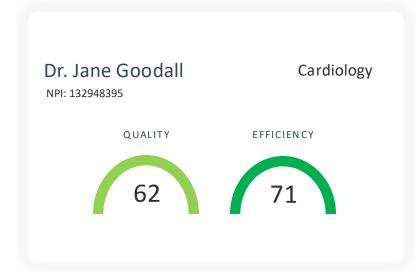

7 FTEs
freed from managing data collection process with insights from Clarify

1340+ hours
saved in normalizing and analyzing price transparency rates data by one customer

Save time and improve decision making with precisely the analytics you need

By switching from All-Payer Claims Databases to Clarify we now have significantly more precise measurement of hospital performance and a fairer comparison of hospitals serving widely different patient populations.

VICE PRESIDENT, NETWORK ANALYTICS

Why Clarify?

- Leverage meticulous and transparent methodologies to optimize quality, cost, efficiency, and patient experience
- Gain more accurate insights with Clarify's cutting-edge patient-care groupers
- Easily understand performance with thoroughly risk-adjusted provider scores
- Integrate provider scores with actual care costs to see a comprehensive view of affordability

About Clarify Health

Clarify unlocks the hidden value in healthcare data. Trusted by providers, payers, tech and services, and life sciences companies, Clarify uses the power of data and AI-powered predictive analytics to make complex decisions easier. The Clarify Atlas Platform® is the foundation, leveraging the industry's largest and most robust dataset to map more than 300 million lives and 20 billion data points to surface actionable insights with unparalleled speed and precision.
