Clarify

Strategic Insights to Contain Costs

Optimize benefits and achieve savings.

Employers and their benefits advisors need to understand provider performance, markets, and population health to optimize healthcare benefit costs with actionable analytics and quantified impact insights.

Clarify

Delivering competitive benefits is getting more complex, more challenging, and more expensive. Employers and their benefit advisors need better insights on providers, healthcare providers, and population health to help their employees access appropriate care while more effectively managing the cost. Healthcare data doesn't need to be a black box. Clarify offers fit-for-purpose insights on provider performance, network intelligence, price transparency, and clinical insights to inform benefit design and direct contracting strategies.

Select high-value providers

Score and benchmark providers using data on 300M+ patients and their providers to build and optimize cost-effective networks and Centers of Excellence. Access directory insights to guide care to top-performing specialists or sites of care. Remove barriers to timely care access for members.

Specialty Savings Opportunity

| $392.9K	$469.2K	$358.7K
HEMATOLOGY/ ONCOLOGY	CARDIOLOGY	GASTROENT.

REGIONAL POPULATION VOLUME

Harness population insights

Identify population needs and clinical risks. Assess member patterns to inform benefit design. Increase ROI for chronic disease programs. Target outreach to specific member segments.

Contract for high-value care

Pinpoint top-performing providers and understand market rates to support direct contracting strategies. Benchmark providers for performance targets and incentive design.

PERFORMANCE DISTRIBUTION OF PCPs

SCORE DISTRIBUTION OF 383 PCPs

Clarify

Clarify's Rates IQ Suite provides much needed vision and structure to the opaque landscape of reimbursement. With it, benefit consultants and employers can more easily benchmark negotiated rates and identify where there is opportunity to gain savings in advance of direct contracting negotiations or understand if contracted networks are cost effective.

PRICE TRANSPARENCY

Explore market pricing

Access the most pertinent information from 1.5+ petabytes of price transparency data, enriched with claims data to form the industry's most meaningful reimbursement rate intelligence that can be queried in seconds.

NEGOTIATION OPPORTUNITY
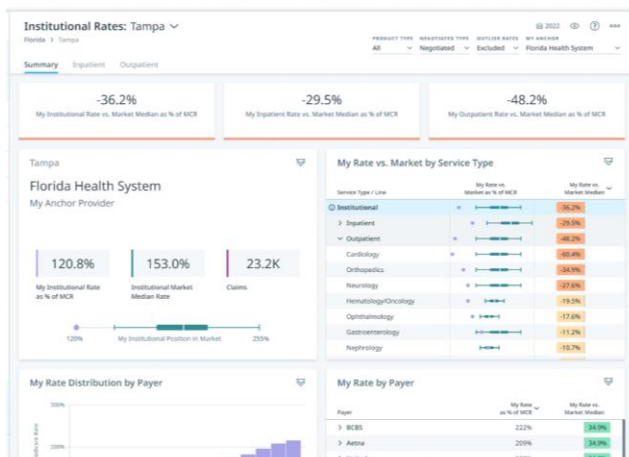

Secure more competitive prices

Pinpoint negotiated rate risks and enter provider negotiations armed with price transparency insights on the market and competitors.

Clarify

Built on a single platform

The Clarify Atlas Platform®, the bedrock of Clarify's offerings, maps billions of patient journeys across more than 300 million lives. It leverages best-in-class grouper technology, and drives 20B+ AI-powered predictions, answering healthcare's most complex business questions in an instant.

Driving value for benefits consultants & employers

14 days
faster care access with providers matched with the clinical and geographic needs of members

1000+
facilities and physicians evaluated saving team 20,000 hours of work
